

Resilience Partners continues to support the growth of its portfolio companies by providing new financing

The direct lending firm Resilience Partners Fund I S.C.A., SICAR, has closed in September 2021 a new investment, with an additional long-term senior tranche to PERIS COSTUMES SL. With this financing, PERIS continues the deployment of its business strategy and keeps consolidating as the leader in costume and accessories renting for TV, cinema, advertisement, and theatre productions.

For Resilience Partners, this new investment strengthens its strategy of helping SMEs grow with long term senior debt. The Fund is backed by leading investors, as the EIF (European Investment Fund, part of the European Investment Bank), among others.

About Resilience Partners

Resilience Partners specializes in helping Spanish companies with a solid track record execute their long-term expansion plans, offering flexible financing solutions. Resilience Partners focuses on companies with EBITDAs between EUR 3-15M, leaders in their segment, with consolidated management teams and long-term financing needs to execute strategic plans.

After the success of the first fund, it is currently working on Resilience Partners Fund II S.C.A. SICAR which will maintain the same investment strategy and forecasts to raise EUR 150-200M among institutional investors and Family offices to continue financing growth for the same type of target companies.

About PERIS Costumes

Founded in 1856, is the European leader in costume renting and manufacturing for TV, films, advertisement, and theatre. PERIS facilities include 22,000m² storage filled with over 6 million garments and accessories covering all periods and cultures from the Middle Age to the present time, from fairy tales to science-fiction.

PERIS works with the world largest entertainment producers and has participated in more than 500 productions in the last three years, among the very well-known TV shows like "Money Heist", "The Crown", "Chernobyl" or recent movies like "Dune".
